

Halkshill and Blairpark Forest Project Community Survey of Existing Woodland

Eadha Enterprises, a local environmental charity, has been commissioned by Tilhill Forestry to undertake a public consultation exercise in connection with the proposed Halkshill and Blair Park Woodland Project. We would like to hear from local groups and individuals who have an interest in the use of the existing woodlands and open ground between Douglas Park and Gogo Glen as shown on the accompanying map. We believe this area offers great potential to deliver community benefits and we would like to explore if there is an appetite for greater community involvement in this area's future development and management.
